WILL STAY IN THE PARTY

CAN'T BE DRIVEN OUT AND WILL
REMAIN BEFORE CONVENTION

NELSON TO NOMINATE HIM

Stevens Point Man Probably Will
Present Senator's Name to
the Convention

MADISON, Wis., June 8.—(Special.)—Senator Robert M. La Follette who returned to his home at Maple Bluff Saturday night, will not be in Chicago during the meeting of the republican national convention, according to one of his delegates who is in the city today. He will leave in a day or two to give a couple of lectures in Ohio and go as far as Pennsylvania, returning at the end of the week or the beginning of next. He will then stay at home and rest for a few days, when it is probable he will fill a number of engagements, some of which were made last winter. "We will stand pat for La Follette until the fight is over at Chicago," said this delegate, "thus disposing of the rumor that the 'allies' will all throw up the sponge before the convention opens."

Won't Leave Party.
"The question has been raised as to the possibility of La Follette leaving the party because of the turn-down he got in the senate, how about that?" the delegate was asked.

"When he gets ready to do that he will announce it," said the delegate with a smile. "He has said before that he would not be driven out of the republican party if he chooses to stay in it, and that he preferred to work his reforms from within."

Senator La Follette spent Sunday and today quietly at his Maple Bluff home, and received a number of visitors this afternoon. Among the prominent politicians here in his interest today are Speaker H. L. Ekern of Whitehall; former Secretary of State Walter L. Houser of Mondovi, and Senator H. C. Martin of Burlington, all of whom are delegates to the convention.

To Open Headquarters.

La Follette headquarters will be opened in Chicago sometime this week, and the delegates will go in a body next Saturday. It was said today that little could be announced in reference to the plans of the delegation until after a consultation with the senator, which will probably be held late today. It is expected most of the delegates will be in the city more or less this week. The impression seems to prevail that George B. Nelson, of Stevens Point, will present Senator La Follette's name to the national convention, but this point has not been determined.

Will Work on Speech.

Rumor has had it that, secluded in his residence on the outskirts of the city and denied to all callers, Senator La Follette also expects for a time to work in violation of the eight hour law revising his record, breaking long-distance speech delivered during the closing hours of the senate. He is quoted as saying that the revision of the speech is a much more arduous job than its delivery.

During those eighteen hours and twenty-three minutes that the Wisconsin senator held the floor, the stenographers were worked almost to a frenzy in taking down his remarks. Although the senator did not speak at a rapid rate, not more than 125 words a minute on an average, he delivered something like 135,000 words.

A Wagon Load of Speech.

The speech when transcribed from the stenographers' notes weighed 20 pounds, and when the messenger delivered it at the senator's residence for revision, before printing in the Congressional Record, he had to use a wagon.

The revision would have been easy had La Follette merely read from the printed documents he used with out break. But he made the occasion interesting for his audience, as well as difficult for the stenographers, by interspersing his own ideas unexpectedly between the printed lines.

BILLIK MUST DIE ON SCAFFOLD FRIDAY

CHICAGO, June 8.—After deliberating almost continuously since last Friday at Springfield, Governor Deen and two members of the board of pardons this morning rendered a decision against Herman Billik. He will hang next Friday for the murder of the Vzal family for the governor at once left for this city, where he speaks tonight.

"FAVORITE SONS"—UNCLE JOE CANNON

A STORY OF SOME OF THE LITTLE THINGS ABOUT HIM

IS PLEBIAN TO THE CORE

Partisanship Dominates The Speaker But
He Is Very Much An Everyday
Man

Under the heading "Favorite Sons," The Tribune will publish daily a biographical sketch of a prominent presidential or vice presidential candidate whose name figures in the Chicago convention. They are to be homely little sketches, aiming to introduce the man from his human rather than his political side, although politics will enter into them to whatever extent seems necessary to show the lines of development and explain present attitudes relative to national affairs.

SKETCH NO. 1—CANNON.

WASHINGTON, D. C., June 8.—"Mr. Cannon was born of God-fearing and man-loving parents. He made himself, and he did a darn poor job of it."

This is the autobiography of "Uncle Joe" of Illinois. He wrote it upon request and he got almost as much as much into the two lines as Grant or Sherman, or Mark Twain did into volumes.

Born a Quaker seventy-two years ago in North Carolina, reared to manhood in a clearing on the banks of the Wabash in Indiana, lawyer, banker, and near-millionaire, Joseph G. Cannon is often cited to prove that the grand old type of American

manhood, rugged and sturdy, that characterized the fathers of the republic, is not always spoiled by wealth.

The manufacturing process to which Cannon referred in his autobiography occurred in the house of representatives. For more than a generation he has been a member of that body, and for five years its speaker. The raw material was recognized as such. "The gentleman must have oats in his pocket," exclaimed a member, when Cannon made his first speech in the house. The "kid" member from the west admitted it, and suggested there might also be hayseed in his hair. Last winter that speech was recited from the floor by one of his admirers, while Cannon sat blushing in the speaker's chair, his vest unbuttoned from top to bottom, his frazzled hair so thin it could no longer hold hayseed if it tried, his bones clothed in homespun, and a toothpick in his mouth—just as picturesque a figure as he was thirty-three years ago.

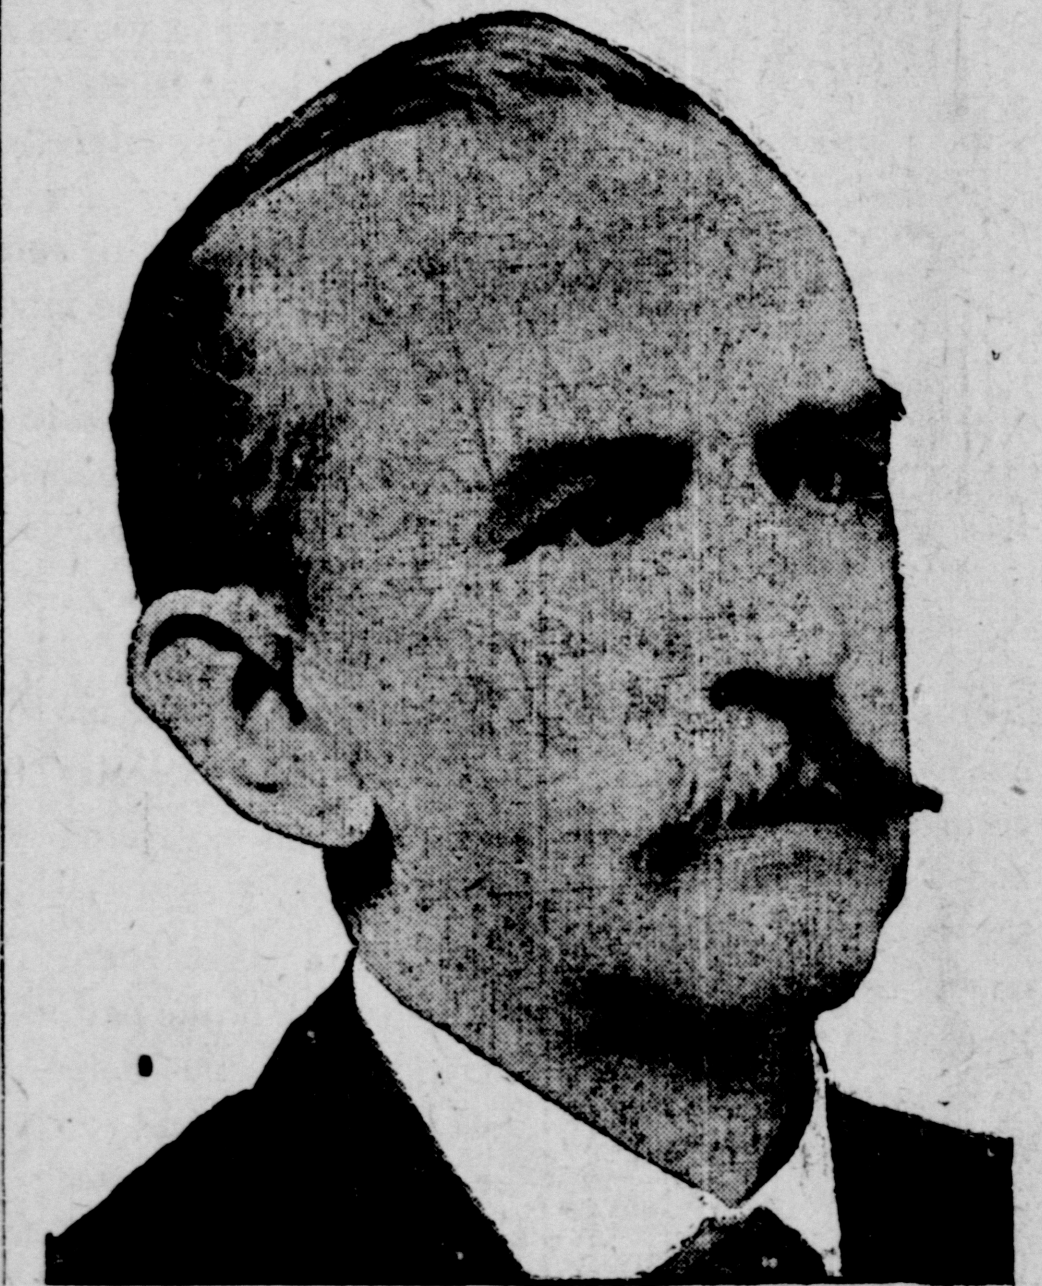

A Man of Habit.

His habits and manners are all-pervading. They permeate "Uncle Joe's" clothes, just as they do his system. They are likewise copy-righted. About a year ago when the speaker went to New York, the metropolitan newspapers commented on his "twenty-five cent hat." In reality, it was a \$40 Panama, but it had been canonized. The best tailors in Washington make his suits, but an everlasting contest between the garments and their owner as to their rights to shield him from the elements, give his clothes a withered rose appearance the year around.

His Cigar Barometer.

The tobacco habit characterizes him as nothing else. The angle at which his cigar is held is regarded as a barometer of his spirits. Only on

HAS CRANE COME OVER TO TAFT?

UNITED STATES SENATOR W. MURRAY CRANE
(BY HENDRICKS.)

WASHINGTON, D. C., June 6.—Just now the republican politicians will tell you on the one hand that the opposition to the nomination of Secretary Taft is disintegrating and on the other hand that this disintegration irresistibly signifies the re-nomination of President Roosevelt. There can be no denial of the disintegration, but there is lively chance for dispute as to its meaning.

Senator Aldrich of Rhode Island has declared that Taft will be nominated and that there will be no stampede to Roosevelt. This is significant. It is now also reported that Senator W. Murray Crane of Massachusetts, the field marshal of those allies who have been seeking to de-

FREAK OF STORM SNUFFS TWO LIVES

LINDINA TOWN CHAIRMAN AND
13-YEAR-OLD SON KILLED

OTHERS IN HOUSE ARE HURT

Cyclonic Wind Dips into Valley to
Destroy John Dalton's Home, but
Molests Nothing Else

A cyclonic wind storm which did little damage here other than ripping loose some of the mooring lines on bathouses along the levee, killed John Dalton, aged 66 years, of Lindina, Juneau county, killed his 13-year-old son Phillip, injured his wife, daughter and a young man visitor and demolished the farmhouse and outbuildings.

The storm which destroyed the Dalton farm fixtures and crops and cost two lives seems to have been a freak. The farm was situated in a valley in the town of Lindina, near Mauston. The wind dipped into the valley and destroyed all of the buildings, and then rose again, molesting nothing else in the vicinity. Dalton was the chairman of the town board and was a well known resident of the county. The bodies of Dalton and his son were found 25 or 30 rods from the ruins of his home. His wife was severely hurt, while the young man and daughter were not badly injured. Two horses were killed and the buildings on the farm, which were of modern variety were reduced to splinters. No other buildings in the vicinity suffered and there has been no word of damage done by the wind at any other point in that vicinity.

The heavy storm cloud was seen to pass just south of this city between 5 and 6 o'clock last night and only the outer edges of the wind struck this vicinity. The trees and buildings in the vicinity of the river groaned beneath the heavy wind, and the cables holding some of the boat-houses near the bridge were snapped, but otherwise, no damage has been reported about La Crosse.

Mr. Dalton, who was killed, was an uncle of Miss Mary Randall of this city, who is employed at the store of the Woodward Supply company. She received a telegram at noon informing her of the death of her uncle and nephew and left at once for Mauston, which is about five miles from Lindina.

G. O. P. LEADERS HIT OLD BRYAN PLANK

WANT CHICAGO PLATFORM TO
DECLARE FOR COURTS

GOVERNMENT BY INJUNCTION

They Urge That Resolutions Indorse
Right of Courts to Act By This
Method Still

NEW YORK, June 8.—That the fight made by Gompers and other labor leaders against government by injunction and the alleged pro-capitalistic inclinations of the federal courts, promises to bear fruit at the Chicago convention, was indicated today when it became known that 18 republican leaders have drawn a memorial which will be presented to the committee on resolutions, requesting that the platform include an absolute declaration against infringement on the constitutional prerogatives of the courts. The memorial reads:

"The undersigned republicans, having in mind the attack upon the courts made by the platform, and candidates of the democrats in 1896, and having reason to believe a similar attack is contemplated in 1908 do earnestly request the committee on resolutions to include in its report to the republican convention the following declaration—'We insist that the preservation of their independence and full constitutional prerogatives is essential to the maintenance of the American system of government.'"

(Signed): Nicholas M. Butler, Charles Andrews, Cornelius N. Bliss, Thomas L. James, John L. Cadwalader, John M. Stewart, D. O. Mills, William N. Cohen, James M. Taylor, Joseph H. Choate, William J. Wallace, Benjamin F. Tracy, John W. Griggs, Edmund Wetmore, Edward Mitchell, A. Barton Hepburn, Rush Rhees, Albert K. Smiley.

The "attack" in the democratic platform referred to is the well known Bryan plank opposing "government by injunction."

MARGARET KABAT DEAD.

Margaret, the 8-day-old child of Mr. and Mrs. Joseph Kabat, 957 Hood street, died last night at 10:30. The funeral will be held tomorrow morning at 3 o'clock from the Wenceslaus church, and interment will be made in the Catholic bury, Fessler & Dahl in charge.

MASTER PLUMBERS WIN MONTH STRIKE

UNIONISTS RETURN TO WORK
UNDER "OPEN SHOP"

WAGES TO REMAIN THE SAME

Employers, However, Say They Will
Run Their Own Business in
the Future

After a two weeks' strike the union plumbers in La Crosse have decided to accede to the requests of the master plumbers and return to work under "open shop" rules. This was decided upon Saturday noon and some went to work at that time while others resumed their places today.

The strike started some time ago over a disagreement that arose between the union men and the owners of the shops, on the question how long an apprentice should work before he be allowed to join the union. The union men said six months and the master plumbers said two years. This was in reality the cause of the strike. The master plumbers contended that a man who had worked but six months as an apprentice was not competent to draw the salary of an older man in the business. After several attempts to reach an agreement on this matter the strike was started, all the men walking out.

Committees were appointed by the union men to visit the shops at different intervals in an attempt to reach an agreement but the shop owners were obdurate and after some further parleying announced they intended to run their shops as open shops and any of the union men wishing to work for them would have to come in with that understanding. This was laughed at by the union for some little time and the forecast was that the master plumbers would have to send out of town for their labor. It was all brought to an end Saturday noon, however, when a portion of the strikers went back to work under the "open shop" rules.

"There will be no change or cut in their pay whatever," said Wm. F. Baker of the Baker-Niebuhr company today. "All of the men returned to work today and their wages will be the same as when they struck. The only difference will be that the owners of the shop will dictate who is to be employed as a full-fledged plumber and who isn't. In all it simply means that we will run our shops as we see fit."

LOAD REVOLVER IN HOWARD'S CELL

Justification of the heavy sentence imposed upon James Howard, alleged yegman, came to light today when it became known that while looking over his cot at the county jail, a large caliber, 8-shot revolver, fully loaded, was found in the cell. Owing to the fact that this discovery was made after the case had gone to the jury it was not brought up during the trial.

Some time after the case had gone to the jury the attendants at the jail had occasion to look over the beds of the various prisoners confined there. When they reached the bed of Howard, they found concealed in the straw tick, a large caliber revolver. It was a self-action gun and every chamber was loaded. Where the gun came from, how it was smuggled to the prisoner are baffling the authorities.

That Howard was a desperate man is generally conceded and although direct evidence connecting him with the robbery of the postoffice at Min-dora could not be secured he undoubtedly knew more of the affair than he told.

ANDREW ISRAELSON DIES ON SATURDAY

Andrew Israelson, and old resident of the north side, passed away at his home, 1419 Logan street, early Saturday evening from dropsy.

Mr. Israelson has been a resident of the north side for 46 years, coming here in 1862. He was a lather by trade, and was well known in North La Crosse. He was taken ill about two months ago and since that time he has gradually failed. He is survived by a widow.

The funeral will be held from the Norwegian Baptist church tomorrow afternoon at 2:30 o'clock, Rev. Larson officiating. The interment will be made in the Campbell cemetery with Sletten in charge.

MURDER GUARDS AND ROB PAY CAR

CITY OF MEXICO, June 8.—While guarding the pay car on the way to Lagrandes mines, near Balsas in the state of Guerrero, four armed men were overpowered by bandits. Three were instantly killed, and the fourth mortally wounded. The bandits escaped with \$5,000. The mine was owned by an American corporation.

GEORGE MORGAN TAKEN AT LA

SHORT \$600 IN ACCOUNTS

Collector for Brewery Went on a
Jag to St. Paul and Woke Up
Here Minus Two Toes

George Morgan, who is wanted by the authorities at Chesholm, Minn., on the charge of grand larceny, was arrested by the local police late Saturday afternoon at the La Crosse hospital, and was taken to Chesholm last evening by Sheriff Bates of St. Louis county.

Morgan was traced to St. Paul by the authorities at Chesholm and later found that he had left in this direction. The local police department was notified by telephone and the arrest Saturday night was the result. Morgan was employed at a brewery at Chesholm as a collector and was short in his accounts about \$600. He mysteriously left the city. He left for St. Paul, where he accumulated a "jag," and when he awoke he had \$2 in his pockets and was in a box car bound for this city, minus the cash and two toes.

On arriving in La Crosse his foot pained him considerably and he went to the La Crosse hospital, where medical aid was given him. As to how he lost the toes he could not explain, stating that in St. Paul he got on a "jag" and when he "came to" two of his toes were missing. He has been in America for the past six years, coming here from Austria.

GERMANS READY FOR FINAL MERGER

The local branch of the German-American association, organized at Germania hall May 25, is nearing readiness for perfecting its permanent organization. Thus far the association has approximately 1,000 members, its affiliations, including the Third Ward Aid society with 464 members, Frohsinn Singing society (of the German Lutheran church) with 25, Concordia (of Bangor) with 30, Deutscher Verein with 150. Besides these the list of individual members has grown rapidly, and a number of German societies will soon affiliate which have not so far officially done so. The officers are:

Hugo Schneck—President.
George Zeisler—Vice president.
G. A. Kuehn—Secretary.
Gus Keller—Treasurer.
The purposes of the society are to uphold the German principles, foster the German language, and to battle in the interest of personal liberty, love of which is a leading characteristic of the German peoples. German-Americans desiring to join should communicate at once with G. A. Kuehn, secretary.

HITCHCOCK LOOKS WORN

NEW YORK, June 8.—Raymond Hitchcock looked worn and tired and admitted he had little sleep since Friday, when placed on trial today before Justice Goff. He was greeted by chorus girls and actors at the door, but none were admitted to the court room. Hitchcock was nattily dressed in a blue serge suit, and carried a new straw hat. He was greeted by his wife, Flora Zabelle, and two of her friends, John B. Ward was the only juror in the box, but the venire of one hundred were on hand. Assistant District Attorney peremptorily challenged Ward and he left the box at once.

A speedy trial of Hitchcock was indicated when the jury box was filled at the morning session. Justice Goff explained to them their duties and adjourned court to this afternoon.

Taft Leaders Reject Proposal in Hur-
ry—Allies Charge Plot Against

CHICAGO, June 8.—Shortly after resuming its session today the republican committee seated the Taft delegates from the Third Florida district.

"Steam Roller" Sweeps On
Just after noon the Taft delegates in the Second and Third Georgia districts were seated by the committee, after which the Taft men from the First Kentucky district were seated in a hurry. This makes a gain of ten today for the Taft column.

The first suggestion of a compromise was made to the Taft men today when a vote was called for on the First Georgia district. Senator Scott of West Virginia suggested that the vote of this district be split, one for Taft and one for the allies. The vigorous rejection of this suggestion by the former indicated that the Taft men intend to continue their "steam roller" plan of riding over the allies delegates and getting as many Taft delegates as they can.

A sensational statement emanating from the allies' camp was current this afternoon that a resolution will be offered to the national convention to cut down the southern representation in future republican conventions and increase the northern representation. The allies charge that the Taft people are behind this resolution.

Allies Begin to Frame Up

A hurry call sent to Congressman McKinley, the real manager of the Cannon boom, by Senators Homenway and Murray Crane, brought the former to the city today. He is expected to prove the tower of strength to the "allies," and to hold in line certain leaders who are becoming too radical in their fight against Taft in the republican national committee.

"It is not a question of fighting before the national committee or convention we have to decide," said one of the Indiana man's lieutenants today. "Rather it is how to handle this situation best in order to protect our friends in our own localities. While the presidency is a big stake, yet we are losing sight of the fact that there is a congress to be elected and any errors made by us will be taken advantage of by our democratic friends."

This is the real reason why the managers of the opposition to Taft have decided to continue fighting to get their contested delegates on the temporary roll. They have little hope of succeeding, but believe if they put up a fight here and later in

Good Bread

Our demonstration of the Universal Bread Maker started this morning. Visitors were delighted with the small souvenir loaves we are baking and giving to the ladies who call. Then they are greatly interested in the quick and easy manner in which the Universal does the mixing and kneading of the dough in three minutes. It's really a wonderful thing to the woman who has been accustomed to the old hand-knead-

ing process in making her bread. Just come in and get one of these little loaves of bread, a handy book of recipes, and see how nicely and easily the Universal does the work of bread making.

Saves Time

Just think what it means to the housekeeper to be able to mix and knead her bread in three short minutes, more thoroughly than it can be done by hand in twenty to thirty minutes. When you see the demonstration and try one of the little loaves (kneaded in three minutes) you will certainly be convinced of the extraordinary goodness of the Universal.

Saves Flour

Not a spoonful of flour need be added to your mixture after you have used the Universal a time or two. As a breadboard will be a thing of the past, there will be no flour waste on that. And as the kneading rod removes all the dough from the sides of the pail, it may well be said that there is absolutely no waste when a Universal is used.

Inexpensive

Remember, the regular family-sized Universal, which mixes four large loaves at a time, only costs \$2.00, and this cost will actually be saved in flour alone in a comparatively short time, even though you do not count the saving of time and labor worth a great deal. It is just the thing for an ideal present to a housekeeper.

Strong and Durable

The Universal Bread Maker is made of such good material that it will last a lifetime. Every part is covered with a heavy coating of pure tin, so that rust need not be feared. And the whole construction is so simple that there is not a thing to get out of order or cause trouble.

La Crosse, Wisconsin

IN W. I. LEAGUE

THE PAST WEEK

The La Crosse team still maintains its lead in the Wisconsin-Illinois league. It has been pitted against the strong Madison team practically the entire week and has decided-ly the better of the encounter. La Crosse's success is something of a puzzle to the other teams. Its strength, however, lies in its team play, both on the offensive and defensive, points not always noticed by

the fan who does not look beneath the surface.

Wausau has struck its gait and is pressing La Crosse closely for the lead, ready to jump to the top whenever the present leaders falter. Ferguson has developed a fine machine and his pitchers are working in excellent form.

The champion Freeports, after a disastrous trip, have recovered confidence on their home grounds and have worked their way back to the first division. A sample of the bril-

liancy of the champions' play is shown in the fact that they scored three successive shutouts against Rockford during the week and that they are playing game after game without an error.

Fond du Lac, after being at the bottom of the league all last year, is finding some trouble in maintaining itself in the first division, but is playing a stiff game and must be figured in the race at all stages.

Madison closed a fairly successful trip badly by dropping three

games at La Crosse, but was greeted by a record breaking crowd on its return. An attendance of 2,300 on a week day is evidence of the interest taken in baseball in the league this year.

Oshkosh and Green Bay are finding the magic line of .500 hard to get past but continue to press it closely. Rockford lost almost all its games away from home but is hard to beat on its home grounds and on its return quickly took the champions into camp.

NEXT EXCURSION

Will You Permit Me to Ask You a Few Questions?

Have you made use of your homestead right?
Have you ever thought of how easy it is to become the owner of 160 acres of choice agricultural land?
Do you know the value of 160 acres of such land?
Did you imagine that it is worth today no less than \$2,400.00?
Do you know that it is worth much more than that in many cases?
Are you aware that the longer you wait the farther away from a railroad or a town you will have to go?
Are you going to wait until the best of them are gone?
Did it occur to you that thousands of men have made their start in life that way?
Haven't some of your own acquaintances become wealthy in just that way?
Did anyone ever tell you that you can pay for a quarter section of land with the proceeds of only one crop if you bought it at from \$12.50 to \$15.00 per acre?
Do you want to be considered a clam and wait until it is everlastingly too late?
Did you ever hear of one acre of land making two?
Do you know that the population of the United States doubles every twenty years?
Did you ever consult history and find that the immigration to the United States is about a million a year?
Can you put two and two together? Can you make \$2,000.00 clear money any easier?
Will you join us on our next excursion on June 16th to Montana where these lands are and see for yourself what a rush there is for land?
Are you interested? If so come to my office and let's talk it over.

THE COMPLETE NEWS OF THE NORTH SIDE TODAY

RELIABILITY

No matter if you have but a small sum to put into a motor car it is wasted if you buy a trashy, cheap vehicle which has nothing to recommend it but the price.

Better not take too much for granted when buying a motor car—get a thorough demonstration, impose hard conditions, make your demonstrator take you over rough hard roads and hills, mud—if he offers excuses make up your mind that he has a car with weak spots which he is afraid will develop under a strain. We want to prove to you the reliability of the cars we sell and you cannot impose a test too severe. All our cars are acknowledged leaders in their respective classes, but we do not want you to take our word for it. We will prove to any intending purchaser that the extra value in our cars is in their ability to do more and better work than the cheap cars sold on a bargain counter basis. Do you wish to be convinced? All we ask is the opportunity. Make an appointment for a demonstration NOW.

Secretary Gibson Says Same Amount
Was Due Last Year and Does Not
Anticipate Difficulty

A meeting of the directors of the North Side Amusement association was held and the question of privileges were granted. It is expected that the matter will be taken up more fully at the next meeting.

The carnival will be held on Rose street as usual providing there is room for the attractions but if there is not room they will take in some of the side streets as was the case last year.

Secretary Archie Gibson was in Minneapolis last week and looked over the proposition. The carnival is showing at one of the parks there and Mr. Gibson says that the company is undoubtedly one of the best in the business. The free shows are the most attractive feature.

All that remains now is for the business men to raise enough money to swing the proposition. The cost of bringing the Patten company here will be about \$1,200. The association has considerable on hand so the merchants will not have to raise more than a third of the amount. Last year the business men raised \$400 and with this amount this year the carnival would be assured. The Patten people have contracted to appear providing the necessary amount is raised, but if the sum is not forthcoming they will not appear. Secretary Gibson says that the amount will undoubtedly be raised but if the people of the north side want the attraction they will have to spend some effort to get it.

NORTH SIDE A T
PURE FOOD SHOW

The North Side is well represented at the Pure Food Show which seems to be very popular at present inasmuch as it is new and attractive.

The North Side Bottling Works' exhibit is one of the features of the show and many people are wondering why they did not know before what delightful drinks this company puts out. The new drink Maxeone is a coming favorite.

The most important feature of the show is the large advertisement of Golden Leaf coffees. The North Siders upon seeing this splendid advertisement do not show any particular sign of surprise for the reason that the same display has appeared in the window of L. E. LaVaque, the North Side grocer. However the display is a most attractive one and it receives the admiration of all who attend the Pure Food Show.

The La Crosse & Southeastern train from Viroqua last evening ended a life, between Westby and La Crosse. As the train sped along at high speed the engineer saw an object on the track and tried to stop but it was too late. After the accident the train was stopped and the train crew ran back to the scene of the accident to seek the bleeding corpse of the victim. They found an indignant farmer walking excitedly about the corpse of a cow. The farmer elaborated the train crew with invective and declared the road must pay the damages. There was considerable argument after which the train proceeded on to La Crosse.

Ole Olson, of the firm of Olson & Nelson, on the north side, was a passenger on the train, and declares all of the passengers thought a man had been killed.

ST. JAMES CHURCH
BIDS OPENED

A mass meeting of the congregation of the St. James Catholic church was held last evening and the plan of redecorating the church discussed. Three bids were mentioned, including a firm from Milwaukee, one from Indiana and from O. J. Oyen of this city. The bids range from \$1,600 to \$2,500 depending on the work to be done.

The church will be completely redecorated in a very excellent manner, many oil paintings being included. A meeting of the church committee will probably be held this week and the bids decided upon. As soon as the bids are accepted the work will commence immediately.

NORTH SIDE BRIEFS

Mrs. Charles Redmon of Denver, Col., is visiting her parents, Mr. and Mrs. Warren Davis, 1519 Berlin street.

Mrs. Major Stevenson left this noon for Milwaukee, where she will attend the grand lodge of the Pythian Sisters. She will visit her parents at Kenosha before returning.

Abe Strauss, former north side clother, who now resides in Milwaukee, is here for a few days before returning to his home. He has been in the west and declares the west is no place for a man to go who is looking for money. The country, he says, is rather dead at the present time.

La Crosse river is still rising. The recent rains have brought the water up to the top of the piers.

Miss Mamie Bucholtz of Houston is visiting at the home of her parents on Kane street.

Pat Ward left for Langdon today. He will go to St. Paul Park, where his marriage to Miss Dailey of that place will take place.

Capt. Aller of Tomah stopped off here on his way to Butte, Montana.

Mrs. Squires of Trempealeau is visiting her sister, Mrs. Baumgarten, on Avon street.

J. J. Rouse and family have returned from Brookfield, Mo., after visiting several weeks.

Dr. Maitland and wife have returned from Prairie du Chien, where they have been visiting.

Abe Straus of Milwaukee is here on his way home after an extensive trip through the west.

Miss Mary Schauland returned from Stoughton, where she has been visiting.

Mr. J. I. Jensen of Loomis street who was operated on at the Lutheran hospital, was removed to her home.

Mrs. J. J. Dunlevy of Allamakee is visiting at the home of J. Cassidy.

The Sunday school workers' conference will be entertained at the home of Mr. and Mrs. Evensen, 723 Caledonia street, this evening.

The railway clerks were defeated by the firemen on the clubhouse grounds Saturday by a score of 2 to 1.

John Garret returned from Chicago, where he visited his son George who took part in the Western Intercollegiate conference meet held there Saturday, winning second in the broad jump.

Mrs. J. Coyle of George street has returned from a visit with friends at St. Paul.

The Epworth league will give a garden party Friday evening on the lawn of J. A. Eberhart on Caledonia street.

Mrs. William Chanton and daughter Charlotte have returned to their home in Salt Lake after visiting at the home of J. Breuer of Avon street.

KNEADS DOUGH IN 3 MINUTES

"Just three minutes to mix and knead a batch of dough, no difference whether it is enough for ten loaves or for but one." That is the proposition being demonstrated by Mrs. Orr at the V. Tausche Hdw. Co.'s store. After she mixes the bread in her time saving apparatus, she allows it time to rise and then bakes it. It's good bread, too, tasting something like that kind mother used to make when she used a big pan and a kneading board and worked half a day getting the flour and water and salt and yeast and other things together.

This Yankee mixer used by Mrs. Orr is not only a time saver but a saver of all other things which go to make a baking of bread. The time of the housewife is saved, hard work at the kneading board is no longer necessary, there is a saving in the amount of flour used and when the bread is in the oven there is but the one implement to clean, not a number of pans, spoons and boards. The apparatus as demonstrated by Mrs. Orr is calculated to excite the admiration of every woman who bakes her own bread and make some who don't feel anxious to try it.

PALIWODA NOT GUILTY OF CRIME

After a deliberation of nearly fifteen hours the jury in the case of John Paliwoda, charged with robbing the grocery store of Chris Schmidt on the North side, returned a verdict of not guilty.

Evidence which proved that others than Paliwoda performed the robbery was introduced and arrests will no doubt follow.

GIVES AWAY MANY THOUSAND SOUVENIRS

Mrs. Emma Kaufuss, who daintily serves visitors at the booth of the T. H. Bell Coffee company, has handed out so far 2,000 Japanese fans, 1,000 pretty mirrors and quantities of literature extolling the merits of coffee popularized here by Mr. E. J. Kelly, a home man whose 14 years with the Bell company has identified him with its savory product in the minds of La Crosse people. The exhibit is proving one of the distinguished successes of the show.

After All's Said and Done

Every woman knows it was the home oven that made baked beans a national food. Boiled beans are not baked beans. You've got to put them in the oven and let them *bake*—and bake in their own good time.

HEINZ Baked Beans are baked beans. Fix that fact in your mind. They're first soaked long enough to make them tender and then *baked* to a glorious brown in real ovens. The minute you see them you *know* they're baked, their fine flavor *proves* they're baked. When you open a can of

HEINZ Baked Beans

the shining interior reflects the goodness of the contents. No solder, no soft spots, no discoloration on the inside. Just purity and brightness.

Put up three ways: With Tomato Sauce; Plain Pork and Beans (Boston Style); Vegetarian—without Pork.

HEINZ Baked Beans, like the rest of Heinz 57 Varieties, are sold by all grocers.

FACULTY CHANGES AT WINONA NORMAL

SEVERAL NEW INSTRUCTORS ENGAGED FOR NEXT TERM

TEACHERS ABSENT ON LEAVE

Opening of Fall Term at Normal Will See Many New Faces in the Faculty

WINONA, Minn., June 8.—An unusually large number of changes in the faculty of the Winona normal school are to be made this year, no less than ten teachers retiring and others taking their places, but out of the change four are caused by teachers absent on leave, returning to the school. Recommendations to the normal board for filling vacancies are now ready for all but one place, that of teacher of reading and physical culture, and many applications for this are on file.

Dr. John C. Thackston, of South Carolina, who has just taken the degree of Ph. D. at New York university, succeeds Miss Kate Sprague, resigned, as teacher of mathematics, after twenty-five years' continuous service. Miss Nora Atwood returns to the directorship of the kindergarten, succeeding Miss Rebecca Martin, resigned. Miss Harriet Packard returns as assistant after a year's leave, succeeding Miss Louise Alder, who took her place during her absence. Miss Helen Ford Staples and Miss Frances Smith will take the first and second model rooms, respectively, the former returning from a year of study in New York.

The Misses Edna Merriam and Maud Thompson, who have had these rooms the past year, go to positions in the primary rooms of the Minneapolis schools. Miss Alice L. Pratt resigns from the third room in the elementary school and will be succeeded by Miss Bertha B. Hanson, who comes from the Ethical Culture school in New York city. Miss Agnes G. Storis comes here from Madison and Oshkosh, to succeed Miss Myrtle Wiley as critic teacher in the sixth room in the elementary school. Miss Frances W. Barrows will succeed Miss Lillian Gehan as text book librarian and will also serve as assistant in English and give instruction in cooking and sewing if required. Prof. J. S. Gaylord returns from a year's leave, and William T. Stephens, who took his place in the chair of psychology, leaves Winona. Miss Theda Gildemeister is promoted from acting principal of the elementary department to the full principalship. Miss Virginia T. Jarman resigns as teacher of reading and physical culture.

"STEAM ROLLER" OF TAFT MEN BOWLS OVER THE ALLIES

(Continued from page 1.)

the committee on contested seats, they may be able to force compromises in congressional districts where the party is badly split, thus saving certain republican congressmen who are booked to have hot fights this fall.

Why Hitchcock "Sat"

Hitchcock, who participated in the committee on proxy of Solomon Luna of New Mexico, today announced that he would not take part again. Luna has arrived and entered the committee today. However, despite Hitchcock's announcement, it is believed he will go into the committee on another proxy should anything go wrong. The Taft people still have Charles G. Phelps in the committee on the proxy of Alexander McKenzie of North Dakota.

For the first time Hitchcock's tongue loosened today and he talked freely of his action; he declared he is certain Taft will have 700 votes on the first ballot, and explained his action in sitting in the committee by saying that Luna asked him to sit until he could arrive. He declared nothing has arisen in the meetings to make it necessary to vote any of the proxies.

Plan Forecasted
According to men who are in the confidence of the platform builders of the coming convention, some of the main planks cover the following ground:

Roosevelt Policies—An indorsement of the policies of the present administration will be the central idea of the platform.

Tariff—An unequivocal declaration for revision.

Railroads—A declaration favoring amendments to the anti-trust law that will enable railroads to enter into reasonable traffic agreements without fear of criminal prosecution. Will also pronounce in favor of national control as against national ownership.

Labor—A recommendation for enactments that will insure labor organizations against snap judgment by the courts in the issuance of injunctions.

Trusts—A resolute condemning such combinations as create monopolies, limit production and control prices.

Finance—A note congratulating the country and congress on the passage of the currency bill.

Navy—A plank urging an increase in fighting ships.

New States—A recommendation for the admission of Arizona and New Mexico as separate states.

Shipping—Indorsement of the ship subsidy idea.

FOR THE PUBLIC

Constipation prevails in almost every family. Old and young suffer alike. The nation of a great New York hospital confidently states that the following has been used for years with the utmost success, treating thousands, old and young, for acute and chronic constipation: Compound Essence Cordiol, 1 ounce Aromatic Fluid Cascara, 1 ounce, Aromatic Syrup Rhubarb, 2 ounces.

Dose—One-half to one teaspoonful after each meal. Children less, according to age.

Get the ingredients at any well-stocked drug store, mix them and find instant relief, and a permanent cure.

ATTEMPT TO KILL PORTUGUESE ROYAL FAMILY THWARTED

LISBON, June 8.—A plot to blow up King Manuel and the whole royal family during a religious feast to be held June 18, was frustrated by the police today. Three ringleaders, members of the society of the Black Cross, are under arrest and the police are using every effort to apprehend accomplices. Correspondence the police seized shows the conspirators belong to the same band that killed the king and crown prince last February. A large number of bombs were found in the rendezvous of the plotters. Great excitement prevails.

LA CRESCENT CHILD DIES

Edward Orvis, the 3-year-old son of Mr. and Mrs. Orville Orvis of La Crescent, died at 5:30 o'clock yesterday morning. The funeral will be held Tuesday at 2 o'clock p. m. from the residence. Interment will be made in La Crescent cemetery, Fessler & Dahl in charge.

SECOND WEEK OF PURE FOOD SHOW

The second week of the Pure Stock Show at the Park Roller rink opened today with the usual promising success. Today has been turned over to the Minnesota Macaroni company and they in turn have designated it "Spegetti" day. Every patron to the show is presented with a package of their product.

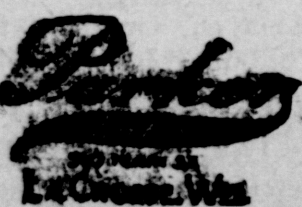

Tomorrow is given over the List-man mill and will be the Marvel Flour day. As a special inducement with every paid admission during the day a sack of Marvel flour will be given. In the evening W. Donovan has been engaged to address the show and will speak on the General Manufacturing in La Crosse. Mr. Donovan, who is connected with the La Crosse Trade Journal, has been interested with the local manufacturers during the past year and will speak on their success and work.

TRIBUNE CARRIERS WILL SEE THE SHOW

The Tribune carrier boys will be the guests of the Vandyke & Eaton company at the performance at the theatre tomorrow evening, by courtesy of the management of this popular company.

Made-to-Order Glasses

The complete satisfaction and comfort given by our made-to-order glasses is daily taking the place of ill-fitting ready made glasses.

"FAVORITE SONS"—UNCLE JOE CANNON

(Continued from page 1.)

one occasion was the cigar ever observed at "gloomy." That was the night of election day in 1890, when Cannon and McKinley were defeated for congress. Both were at headquarters in Chicago. Finally when all others were gone except one or two, Cannon was left to McKinley.

"William, there is no use of our trying to fool one another, is there?"

"No, Joe," replied McKinley. "Well, doesn't it beat hell?" and with that his cigar fell to the lowest angle it ever registered. It was the only defeat he ever suffered.

"Gimme a Chew." Plug tobacco is another Cannon acquaintance. The speaker will stop a man on the street to ask for a chew. He has gotten many a chew and a vote for congress besides, by asking for the first. At the time of the bicycle craze, a friend asked Cannon how he was progressing in his attempt to ride.

"Oh, fairly well; I succeeded today for the first time in splinting without falling off," he responded with pride. He is said to have two other hobbies, cussing democrats and raising the ante at inopportune moments.

Logic Not Oratory.

As a public speaker, Cannon never set the world on fire with his eloquence. But he has often floored his opponents by the soundness of his logic, his ready flow of humor, his rugged, homely language, and his windlass gestures. A good baseball pitcher was lost when Uncle Joe became a politician. If he wants to emphasize what he is about to say, he begins to shake his head after the fashion of a horse eating hay from a stuffed manger. By the time the climax is reached his trusty left arm is describing a circumference with a four-foot diameter. He gets lots of exercise out of his gestures, almost as much as in his morning breathing exercises in front of the open window of his bed room.

Biblical allusions and quotations fill his speeches, and private conversation and he is no stranger to Shakespeare. Blunt, straightforward replies may be expected from him, most likely seasoned with picturesque epithets.

Says He Is a Humbug.

He professes to believe that all politicians, including himself, are humbugs, and he treats them as such. His faith is pinned to the common people, although he can walk along with Labor on one arm and Capital on the other without missing a step. "The constitution and the laws do not make the safety of this nation," he once remarked. "It is the people who make it."

Stood Pat for Mary.

His religion is embraced in the brotherhood of man and the tenets of the republican party. Slavery made him a republican, he declares. As speaker of the house he has never larded it over the most humble. He enjoys talking to the Irish laborer, because he says the best part of himself is Irish.

Cannon belonged to the Quaker faith until his wedding day. He married a Methodist woman, now dead, and his church called upon him to repent for marrying outside the faith. Angered at this rebuke, he excommunicated himself by exclaiming:

"If you mean that I am to get up in meeting and say that I am sorry I married Mary, I won't do it. I'm damned if I'm sorry, and I'm damned if I'll say I am."

Today when asked to what denomination he belongs, he retorts that he is a brother-in-law of the Methodist church.

Love of the Beautiful.

In his soul is a love for the beautiful, only equal to his sympathy for his fellowman.

"I wouldn't give three whoops in Hades," said he once to a woman, "for any man whose heart would not beat faster, who would not breathe deeper, whose eyes would not take fire, whose spirit would not swell as if to strangle him, who would not be moved even to the shedding of tears—and that without any shame—by the voices of birds and children, by a mother's smile, by a song that is sung from the heart, by noble oratory or the noble action of actors on the stage; by any human art through which the spirit of beauty in one speaks to the spirit of beauty in another."

With the homeliness of Lincoln, he has none of the melancholy of that other famous son of Illinois. With the power of "Czar" Reed, he has been as approachable and as human as the corner grocery keeper.

Is Well Beloved.

Although he is the personification of the strictly party idea, Cannon's almost brutal honesty, his genial manners, his rag-carpet language and his absolute fairness—within the limitations of the unfair rules of the house which he helped to frame and foster for party purposes—have made him the most beloved speaker that ever occupied the chair, not only among his own colleagues, but also among the minority.

He has no better friend in congress today than John Sharp Williams, the democratic floor leader.

TWO NABBED FOR STEALING FROM CAR

Two men who gave their names as W. M. Parson and A. Benton were arrested this afternoon by the police on the charge of breaking into a car of oranges. The section foreman identified them as the men who were seen about the car. About a half of a box of oranges were taken. The men were arrested in a saloon on Front street between State and Main. Agent Craft said that he would prosecute the thieves.

HOWARD GETS SIX YEARS AT WAUPUN

ALLEGED YEGGMAN GIVEN HARD SENTENCE TODAY

STEALING COAT WAS CHARGE

Authorities, However, were Confident He Was Implicated in Robbery of Mindoro Postoffice

Found guilty of a robbery committed in September, 1907, James Howard, alleged yeggman, was this morning sentenced to six years in the penitentiary at Waupun at hard labor and the first day of December of each year is to be spent in solitary confinement within the walls of this prison.

Howard was found guilty of having stolen an overcoat from a school teacher in a small village north of here. At the time of this alleged theft the safe in the postoffice at Mindoro was blown open and robbed. No direct evidence could be found against Howard to connect him with the latter crime although it was taken for granted that he had something to do with it.

When he stood up to be sentenced he was asked by the court if he had anything to say before sentence was passed.

"All I have to say is that it is pretty hard to go to the penitentiary for a crime that someone else committed," was his answer. When he received the sentence he showed no sign of emotion other than a slight trembling about the mouth. After a short consultation with his attorney, Fred Hartwell, he was handcuffed by the sheriff and removed to the county jail, where he will remain until taken to Waupun.

It was not known until after the jury had reached a decision that the complaint had charged him with a crime in "1908" that is yet to be committed, but before passing sentence Judge Fruit ruled that it was purely a clerical error, as the crime occurred in 1907.

Wait for the 35 cent family excursion to Winona and Fountain City on Steamer Rutledge next Thursday. Leaves, 9:30 a. m.; returns 8 p. m.

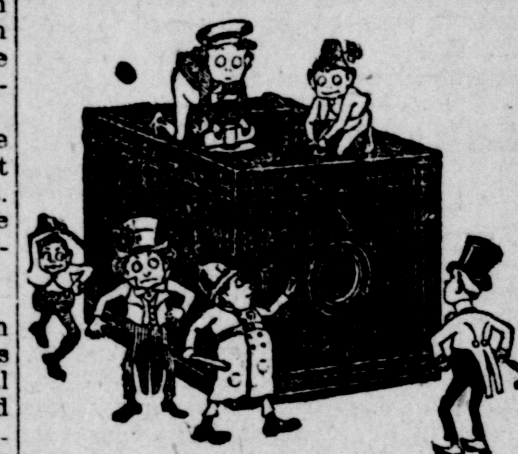

MARVEL PURE FOOD FEATURE TOMORROW

The feature of the Pure Food show tomorrow will be the free distribution of sacks of Marvel flour. Your ticket entitles you to this souvenir sack, but it isn't a decoration for your den, although you are supposed to use it for interior decoration. The Marvel people are sure that, if you do not use Marvel, but will try it just once, you will never be without it. So they are trying to give every housewife a sample "batch" of bread or biscuit. And as an added inducement to try it, hot biscuit will be served at the Marvel booth throughout the day. Housewives are looking forward to tomorrow as the banner day of the show.

ESCH GETS GUIDE TO CANAL ZONE

Congressman Jno. J. Esch has received a book called the Canal Zone Guide which is published in Panama. It is principally a descriptive and historical composition on the isthmus.

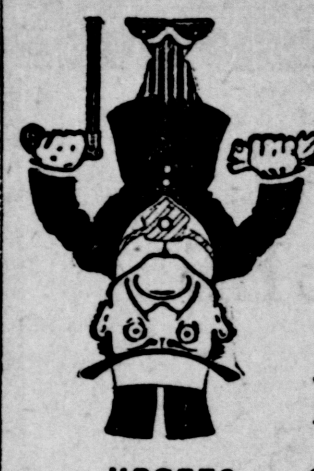

It is published by W. C. Haskins, a former La Crosse man. Mr. Haskins was well known in La Crosse, being connected with the old Morning Chronicle in its palmy days. He is at present connected with the Isthmian commission and has charge of all the canal records.

Legal Notice

NOTICE OF SALE OF BONDS.

Pursuant to the resolution of the county board of La Crosse county, Wisconsin, duly passed by said county board at the special meeting there- of, held pursuant to law, on the 23rd day of April, 1908, the undersigned chairman of the county board and county clerk of said county, acting together, will receive sealed written proposals on the 20th day of June, 1908, at 2 o'clock in the afternoon of said date, at the office of the county clerk of said county of La Crosse for the purchase of certain bonds of the county of La Crosse, to the amount of \$50,000, issued by said county of La Crosse for the purpose of building and equipping a County School of Agriculture and Domestic Economy in the city of On- alaska in said county.

The bonds are signed by the chair- man of said county board, and coun- tersigned by the county clerk of said county of La Crosse, in their respec- tive official capacities, and are sealed with the seal of La Crosse county and bear the name of "La Crosse County School of Agriculture and Domestic Economy Bonds." They are for the sum of \$1,000 each, fifty in number and consecutively num- bered. They bear interest at the rate of five per cent per annum, payable semi-annually on the first day of May and the first day of November in each year, upon coupons attached thereto in the usual form—said in- terest commencing on the first day of May, 1908, and the first install- ment of interest is payable on the first day of November, 1908. Both principal and interest are payable at the office of the county treasurer of said county of La Crosse.

These bonds are dated May 1, 1908, and are payable at the office of the treasurer of the county of La Crosse at any time five years after date, and shall become due and mature ten years after date.

At the time and place above stated, such proposals for the purchase of said bonds will be opened and the issue of bonds will be awarded to the highest bidder for cash, and the right to reject any and all bids not deemed to the interest of the county is ex- pressly reserved. The bonds shall be delivered to the purchaser at the city of La Crosse, Wisconsin.

The said bonds will be sold to- gether in one lot, or separately, as may be deemed most advantageous for said county, according to the bids received. All bids should be indors- ed "Proposals for Purchase of La Crosse County School of Agriculture and Domestic Economy Bonds," and shall be addressed to the County Clerk at La Crosse, Wisconsin.

Dated La Crosse, Wisconsin, this 28th day of May, 1908.

V. S. KEPPEL,
Chairman of the County Board of La Crosse County, Wisconsin.

C. H. RAWLINSON,
County Clerk of La Crosse County.

WM. WEIMAR,
County Treasurer of La Crosse County.

"RUE" TRANE ROWS ON VARSITY EIGHT

MADISON, Wis., June 8.—Coach E. H. Ten Eyck has announced the personnel of the varsity and fresh- man crews which will compete in the Poughkeepsie regatta on June 27. With the exception of one man, Dreutzer, who has rowed at the naval academy at Annapolis, all of the varsity eight have had a taste of the eastern struggle, and the bunch which will represent Wisconsin looks strong. While little is known here about the strength of the other crews Ten Eyck says that the varsity is at least twenty seconds faster than last year, and barring accidents will give a good account of itself. The varsity will be composed as follows:

Sum-nicht, bow; Wilce, No. 2; Trane, No. 3; Witte, No. 4; Dreutzer, No. 5; Iakisch, No. 6; Wilder, No. 7; Dinot, stroke; Ryan, cox- swain.

This is the crew which has been rowing together during the entire season except that Witte has dis- placed Hickox. The forward part of the boat has been rowing in this order since March, but there have been several changes in the bow. Sum- nitch was moved to bow from No. 2, sending Trane to No. 3, and Wilce gave up No. 4 to Witte for No. 2. Crew followers are enthusiastic over the fact that practically no changes have been made in the personnel of the crew, and the change in the row- ing order has been confined to the rear part of the boat. Three of the men, Capt. Wilder, Dinot and White were members of the varsity last season, and the rest, except Dreutzer, were on the victorious freshman boat.

The order of the men in the fresh- man boat, with their weights, is as follows: Voyser, bow, 150; Arpen, No. 2, 163; Schwenker, No. 3, 165; Clark, No. 4, 165; Roberts, No. 5, 168; Wied, No. 6, 180; Krantz, No. 7, 172; Harz, stroke, 167; Knebes, cox- swain, 113. The average weight of the freshmen is 167 1-2.

LUNCH AFTER WARHP

Manager Lynch is trying hard to add Warhp to his bunch of slug- gers. Warhp is in the east now and is unable to play ball for a short time, but will be back in the game soon. He will be a great addition to the Fond du Lac lineup. Warhp pitched a strong game for Freeport last season.—Fond du Lac Bulletin.

LA CROSSE TAKES 7 POINTS IN MEET

DAHLGREN SCORES SIX AND LAR- SON GETS ONE

MILWAUKEE SO. DIVISION WINS

Local Athletes Make Poor Showing in Interscholastic Meet at Madison

Saturday

MADISON, Wis., June 8.—The South Division High school of Mil- waukee easily won the fourteenth an- nual interscholastic meet at Randall field Saturday, scoring a total of 23 1-3 points. Oshkosh was second with 15 points, Appleton third with 14 points, Milwaukee West Division, 13, and Janesville, Menominee and Milwaukee East Division tied at 11 points each.

Other schools winning points were: La Crosse, 7; Whitewater, 6; Omro, 5; Madison, 4; Sparta, 3 2-3, and Rice Lake and Waupun, 1 each.

Two records were broken, Adams of Appleton lowering the record in the high hurdles from 0:16 3-5 to 0:16 2-5, and Schaus of the Milwau- kee West Division setting a mark of 43 feet 6 inches in the shot put as against 42 feet 11 inches, which stood for seven years.

The individual honors were carried off by Welcome Meyer of the Mil- waukee South Division school, who won a total of 18 points, taking first in the 100-yard dash, high jump and broad jump, and second in the shot put. Adams of Appleton and P. Lampert of Oshkosh tied for second honors, each winning 8 points, but Adams has the distinction of setting a new record in the high hurdles. Eight marks of last year were bet- tered.

There were twenty-six schools re- presented with a total of 176 entries. The meet was marred by a heavy rain, which began after only the first four events were finished and continued during the remainder of the afternoon. The cinder track was slow, and the field was ankle deep with mud. The attendance was small. The summaries:

One hundred and twenty yard high hurdles—Adams, Appleton, first; Hibbard, Milwaukee East Division, second; Thayer, Sparta, third. Time, 0:16 2-5. This lowers former record 1-5 of a second.

Two hundred and twenty yard low hurdles—Noble, Omro, first; Tor- hay, Madison, second; George, Mil- waukee East Division, third. Time, 0:27 2-5.

Broad jump—Meyer, Milwaukee South Division, first (distance, 23 feet 4 1/2 inches); Wiskorie, Milwau- kee West Division, second (distance, 20 feet); Larson, La Crosse, third (distance, 19 feet 8 1/2 inches).

Shot put—Schaus, Milwaukee West Division, first (distance, 43 feet 6 inches); Meyer, Milwaukee South Di- vision, second (distance, 39 feet 7 1/2 inches); Palus, Milwaukee East Di- vision, third (distance, 37 feet 8 1/2 inches). Schaus lowered the former record seven inches.

Two hundred and twenty-yard dash—Spangle, Whitewater, first; Aspinwall, Janesville, second; Fush, Waupun, third. Time, 0:23 1-5.

One mile run—P. Lampert, Milwau- kee First Division, second; Lester, Madison, third. Time, 4:45 4-5.

Four hundred and forty-yard dash —Kitzman, Menominee, first; B. Lampert, Oshkosh, second; Cannon, Milwaukee West Division, third. Time, 0:53 2-5.

Discus throw—Dahlgren, La Crosse, first; Muehs, Oshkosh, and Schaus, Milwaukee West Division, tied for second (points divided; dis- tance, 106 feet 11 inches).

High jump—Meyer, Milwaukee South Division, first; Adams, Apple- ton, second; Wald, Milwaukee South Division, third. Height, 5 feet 8 1/2 inches.

One hundred yard dash—Meyer, Milwaukee South Division, first; Aspinwall, Janesville, second; Span- gle, Whitewater, third. Time, 0:10 1-5.

Eight hundred and eighty yard run —B. Lampert, Oshkosh, first; Schwaab, Milwaukee South Division, second; Olsen, Rice Lake, third. Time, 2:05 2-5.

One mile relay—Milwaukee West Division, first (Storey, Schley, Speak- man and Cannon); Menominee, second; Appleton, third. Time, 3:43 1-5.

Pole vault—Eben, Appleton, first (height, 9 feet 6 inches); Thayer, Sparta, Abrahamson, Sparta, and Wahl, Milwaukee South Division, tied for second and third at 9 feet.

Hammer throw—Church, Janes- ville, first (distance, 153 feet 5 inches); Field, Menominee, second (distance, 139 feet 3 inches); Dahl- gren, La Crosse, third (distance, 131 feet 7 inches).

\$12,000 REFUSED FOR OUTFIELDER

NEW YORK, June 8.—President Ebbetts of the Brooklyn National league club can not be accused now of being afraid to spend money for players in order to strengthen his club.

While the team was in Philadel- phia Tbetts, so it is learned from a reliable source, offered \$12,000 to the Philadelphia club for Magee, the hard hitting outfielder.

Manager Murray refused to part with Magee, stating that he would not sell Magee for double that amount.

Stocks Fluctuate.

NEW YORK, June 8.—The market held strong during the first hour, prices making irregular gains, but a selling movement caused a sharp re- action in the latter part of the hour, on which many earlier advances were lost, in some cases net declines around a point were sustained; Union Pacific after advancing to 149 1/2 dropped nearly two points. Nearly all other active railroad stocks fol- lowed. Canadian Pacific advanced nearly 2 points, but in the reaction lost half this. Industrials were generally heavy. Government bonds unchanged; others steady.

MILWAUKEE IS NO LONGER WIDE OPEN

COUNCIL TO STAND BY MAYOR ON GRANTING LICENSES

TO LIMIT THE SOCIAL EVIL

It is Expected That the Council Will Add More Names to the Already Large Blacklist

MILWAUKEE, June 8.—"I believe we will recommend the revocation of every license named in Mayor Rose's message and there will probably be several more licenses to come under the same judgment, whose holders and their places have been investigated by the members of the license committee," said Ald. Sebastian Walter, chairman of the council license committee.

It looks dismal for the Milwaukee dive-keeper and his resort and talks with aldermen and city officials showed that the sentiment seems to be with the mayor and his blacklist. Ald. Walter's statement concerning the probable action of the council license committee has been seconded by enough members of that committee to make a good criterion as to the action of that body when it meets this week to consider the blacklist.

Mr. and Mrs. John Kennedy start on Monday on a similar automobile tour, their general direction to be southwest.

BREWERS LOOKING FOR PUBLICITY

FOR THE FIRST TIME AN OPEN MEETING IS HELD

TRUSTEE MEETING TODAY

Their Report Was Mostly a Defense of the Use of Stimulants and Many Churchmen Were Quoted

MILWAUKEE, Wis., June 8.—The National Convention of Brewers opened here this afternoon with a meeting of the trustees held in the Hotel Pfister. In pursuance of the program a meeting of the officers of the State Brewers' association is to be held there at 8 tonight as is also a meeting of the representatives of the allied trades.

The report of the board of trustees that was made at the meeting this afternoon was a plausible defense of the use of stimulants, in support of which noted churchmen were quoted. Their contention regarding the matter comprised five separate propositions as follows:

"1. That the temperate use of alcoholic liquors is so widely spread as to be a national custom.

"2. That this generation of men and women is more temperate than any preceding generation in our history.

"3. That the abuse of such liquors, while comparatively small, is nevertheless a grave, and to some extent, an unnecessary evil.

"4. That practical remedies are to be found in regulation, education, moral suasion, and in raising the standard of living.

"5. That the standard of living can best be raised by improving housing conditions, by liberal expenditures for public health, industrial training, and recreation centers, and by reducing the hours of work and increasing the scale of wages of the unskilled laboring class."

The highlight of publicity is to be turned upon the question of prohibition from the standpoint of the brewers of the United States.

The brewers, contrary to the accepted opinion, say that they want publicity. They want the question of prohibition spread before the people in all its phases, believing as they do that misrepresentations have been made by the adherents of prohibition.

It is because of this determination

that, for the first time in the history of the organization, a public meeting will be held in connection with the national convention to be held in this city. The time honored custom of holding their meetings in executive session will be broken when the doors of the Alhambra theater are thrown open to the public on Tuesday afternoon.

Not only will the side of the brewers be presented, but the arguments for prohibition will be given by well known economists who figure upon the program.

Arthur Brisbane, known throughout the country as the editor of the Hearst papers, will speak on the relation of the drink problem to the public. Mr. Brisbane is a student, whose studies of problems affecting the welfare of the people have been respected by opponents as well as by those who believed in his theories. His editorials have been the lib-

of thousands, and he numbers among his admirers the ablest economists in the country.

At this meeting also will be given the experience of an Oklahoma statesman in dealing with the problem. E. J. Giddings, a candidate for governor in this newest state, will explain the experience of a trial of prohibition in Oklahoma. This state, admitted to the union with a clause in its constitution prohibiting the sale of intoxicating liquors for twenty-one years, has been watched closely by those interested in the drink problem.

WIS. BANKS ARE SOLVENT.

MADISON, Wis., June 8.—Despite the prevailing industrial depression, the financial situation in Wisconsin is, according to a statement issued by State Banking Commissioner M. C. Berk today, entirely satisfactory.

MILWAUKEE MAN DROWNS IN LAKE

MILWAUKEE, June 8.—While two companions who were unable to swim were saved, Joseph Szymarek, an expert swimmer, 22 years of age, who formerly conducted a saloon at 734 Grant street, drowned in Muskego lake here.

With two companions, Szymarek had gone fishing in a boat. While changing places they overturned the boat. Szymarek never came up. There was a quantity of vegetation about the boat, and it is supposed that he was caught in it and held.

CENTENARIAN DIES AT BELOIT, WIS.

BELOIT, Wis., June 8.—Mrs. Mary A. Hunt, who was a remarkable and interesting woman aside from her great age, died here at the exceptional age of 106 years. The span of the life of Mrs. Hunt covered a wide range and fortunately she retained her faculties to the end and took interest in the affairs and the future of her loved ones the same as in years gone by. Interment will be at Mount Morris, N. Y.

JUSTICE TO THE PLUMBER

requires that you judge him by his work rather than by the size of his bill. If we sent in our bill before doing your work, you would say that such a small sum could not possibly

PAY FOR EXPERT PLUMBING.

You would be wrong. We do as good work as any plumber in the world. Test us with your next job, and you'll admit we speak the truth. If our bill is smaller than you are used to, why should you object if the work is all right?
